WORKMANSHIP

22 ft. wide and up, recommended to use 12 Gauge steel tubing for framing. Extra trusses may be required for heavy snowload. Prices subject to change without notice. Check before purchase to ensure building meets your LOCAL codes. (*1) 2-1/4" 12 Gauge, 20 year limited warranty on rust through of framing assuming normal user care & maintenance (*2) Units installed on unlevelled ground will have spacing between base rail & ground. ASCI is not responsible for any spacing being filled, or ground work being done. If extra work is needed due to ground being unlevelled more than 3", an extra charge will incur. American Steel Carports, Inc. is not responsible for preventing or repairing leaks occurring beneath the base rails. The base leg height is 6 feet. Please note: American Steel Carports, Inc. does not provide any site preparation work. It is the customer's responsibility to consult with local building and zoning departments regarding applicable codes and permit requirements prior to finalizing an order. Please note that condensation may occur within our units unless they are properly sealed. It is the owner's responsibility to ensure the unit is adequately sealed to prevent potential moisture buildup. We are not liable for any damage or issues resulting from condensation due to insufficient ventilation.
